## Projects:

- **Project Name**: Online Fee Payment System

**Project Detail:** To provide easy way for fee payment for students and also helps management to keep record of student fee details.

- **Project Name:** Student Budgeting App

**Project Detail:** Student Budgeting System is an interesting concept as it helps to organize budget and save money. Instead of maintaining and calculating Expenses on paper this website will help to store details of expenses. One can see where they spent money and it helps to cut down unnecessary expenses.

- **Project Name:** Smart Traffic Management System

**Project Detail:** This project explores the advancement of Smart Traffic Management System using the Internet of Things (IoT). It works as middleware on the foundation of the IoT and augments the idea of the smart city through the traffic light control, congestion control, and emergency vehicle detection.
