REPORT ON SOCIETAL ACTIVITY

Date: 23-01-2024 and 24-01-2024

Location: Sri Mahadeshwara Primary School, Kalika Nagar, Bangalore-560091

Activity: Teaching The Computer Basics

Objective: To contribute the society by teaching the computer basics for the government school students

Report:

On January 23rd and 24th, I Komal S K, participated in the societal activity to teach computer basics for the government school students. The activity was organized to fulfil my responsibility towards the society by giving back and improving the environment around us.

The activity started in the morning 10am. I took the session for 6Th std students. I gave them some information about the computer components like hardware and software. I showed them the pictures of computer hardware components. It continued up to 12:30 pm.

Then after lunch break continued the session for the 2nd std students, thought them mathematics basics and we made them play several activities like quiz, they showcased their talents. We had a brief introduction session where they mainly focused on their goals. The total duration covered was from 10 am to 3:30.

On next day we completely arranged the session for the students of 6th std from 10am to 3:30pm. We taught them the basic operation in mathematics, some basic of computer and we conducted quiz on the general topic that is about our nation and our state. At the last we made them to solve the magic square. We observe that many students enjoyed the solving the problem.
